**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1-51 allowed.

The following is an examiner's statement of reasons for allowance: HSIEH discloses a power management system wherein a switching device capable of coupling a power source (S6) to a power supply (26), the switching device control input such that the switching device connects the power source to the power supply when the computer (20) generates a disable signal. The prior art of record does not teach a control input connectable to a conductor of a connection between the electronic device and a host device; and a switching device connects the power source to the power supply when a voltage is present on the conductor and the switching device disconnects the power supply from the power source when the voltage is absent on the conductor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Robert L. DeBeradinis whose number is (571) 272-2049. The Examiner can normally be reached Monday-Friday from 8:30 am to 5:00 pm.
